Board pack

Meeting of 14 October 2026

Confidential: for board members only

[MIX-000] DocWright mixed real-world sample: letterhead, floats, sections and columns.

This opening section runs in a single column with a floating figure anchored to its left. The text wraps around the figure, so the exclusion rectangle, the header growth rule and the section's own margins all have to agree before a single line breaks in the right place. The paragraph is deliberately long enough to wrap several times beside the figure and then continue at full measure below it.

[MIX-101] Single-column body paragraph 1 of three, below the floating figure and at the full section measure.

[MIX-102] Single-column body paragraph 2 of three, below the floating figure and at the full section measure.

[MIX-103] Single-column body paragraph 3 of three, below the floating figure and at the full section measure.

[MIX-201] Two-column section, paragraph 1 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-208] Two-column section, paragraph 8 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-202] Two-column section, paragraph 2 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-203] Two-column section, paragraph 3 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-204] Two-column section, paragraph 4 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-205] Two-column section, paragraph 5 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-206] Two-column section, paragraph 6 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

[MIX-207] Two-column section, paragraph 7 of eight. The measure here is roughly half the page, so every line breaks differently from the section above it.

Quarterly line report

[CHW-000] DocWright chart corpus, Word-authored: the same four charts as seed-18, inserted by Word itself so every part states its own text and shape properties, its style and its theme.

[CHW-001] CHW-001 clustered column, two series, values 12.5 / 18 / 9.25 and 7 / 11.5 / 14, legend below

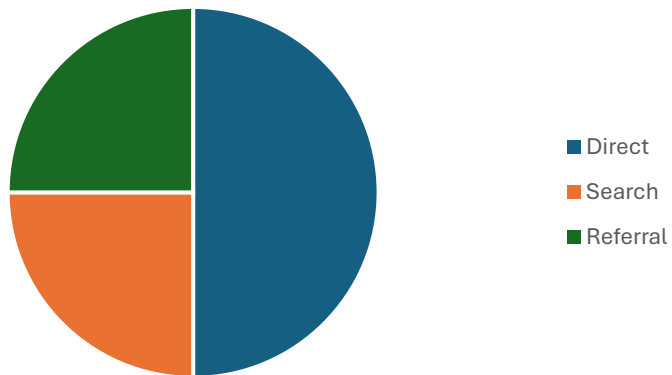

[CHW-002] CHW-002 line with markers and a missing point at index 2, no legend

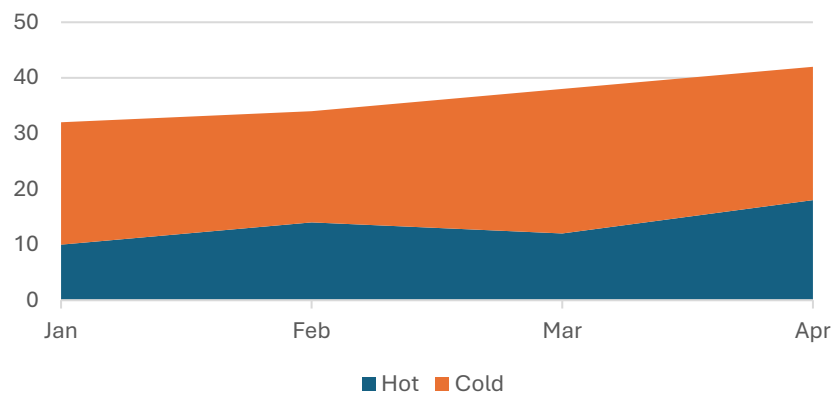

[CHW-003] CHW-003 pie at 50 / 25 / 25, legend right

Share by channel

[CHW-004] CHW-004 stacked area, two series, legend below

Storage by tier

DocWright seed document six: a table with conditional table-style formatting.

Product	Quantity	Status
Widgets	12	Shipped
Gadgets	7	Pending
Gizmos	31	Shipped
Sprockets	4	Backordered

A closing paragraph after the styled table.
